

**Specifications of EUT**

|                     |                            |
|---------------------|----------------------------|
| Operating Frequency | 2400MHz – 2483.5MHz        |
| No. of channels     | 16                         |
| Channel Spacing     | 5MHz                       |
| Modulation          | DSSS ( O-QPSK)             |
| Transmitted Power   | 4.34dBm                    |
| Data Rate           | 250 kbps                   |
| Antenna Type        | Refer Page 6 of 26         |
| Number of antenna   | 1                          |
| Antenna Gain        | Refer Page 6 of 26         |
| Supply Voltage      | 3.3VDC                     |
| Dimensions          | 33 mm x 20 mm x 0.7mm      |
| Environmental       | -20 to +85 degrees C range |
