Columbia, MD 21045-0429

Subject: Declaration Letter for professional installation for **ATZB-900-B0**

To Whom It May Concern:

ATZB-900-B0 ZigBit is an ultra-compact, low-power, high-sensitivity 900 MHz. IEEE 802.15.4 / ZigBee OEM module based on the innovative Atmel's mixed-signal hardware platform, designed for wireless sensing, control and data acquisition applications.

ATMEL NORWAY AS declares that **ATZB-900-B0** requires a special set of skills for installation and configuration i.e. checking signal strength before installation using proprietary tool for wireless network within the building for best performance. Hence, this device cannot be sold to general public through retail or by mail order.

Sincerely,

A handwritten signature in black ink, appearing to read "Saravanakumar Marudhachalam", is positioned below the word "Sincerely,".
